GROWERS URGED TO GO SLOW ABOUT SELLING

PROMINENT FARMERS NAMED ON COMMITTEE TO HANDLE POOLED CROP.

Plans for the county fusion pool were perfected at a mass meeting of tobacco growers here Monday. A committee composed of some of the most prominent growers in the county was appointed to have charge of the pool in Lincoln county, and solicitors were named to canvass every precinct in the county. The fact that the price of the tobacco crop this year is expected to fall very considerably in the event of failure of the pool, is receiving general recognition in Lincoln and the sentiment for a pool among the growers seems to be growing stronger every day. Some of the leading farmers and largest tobacco growers here are now outspoken in their advocacy of the pool and seem determined to do what they can to promote it. They do not hesitate to declare their belief that the present value of land and farm products in Lincoln is due directly to the success of the pool and are urging everyone to come in on the movement, which will insure the continuance of good prices.

It is understood that the tobacco buyers are becoming very active in the local field. The friends of the pool here are urging their friends not to be hasty in disposing of their crops, as they are confident that the future of good prices for tobacco in Lincoln depends upon the safe disposition of this year's product.

A number of speaking dates for the pooling campaign have been arranged and it will be pushed hard from now on. Hon. Bradley Wilson, district manager, will address the growers at these meetings.

The list of solicitors who took books to canvass the various precincts of the county for the pool is as follows: Dave Lynn, Ben Bryan, J. N. Vanhook, R. H. Cow, G. M. Ballard, W. R. Dillon, Jr., J. M. Holtzclaw, W. F. Ballard, W. T. Hiett, Clarence E. Tate.

Others will be placed in the field at once and anyone desiring a solicitor's book will receive it by writing to Col. J. D. Swope at Stanford.

The committee which is at the helm of affairs in Lincoln has issued the following appeal to the growers of the county:

Appeal to Growers

To the Tobacco Growers of Lincoln County—
At a mass meeting of the growers of Lincoln county, held at Stanford, October 10th we were selected as a committee to hold in trust all pledges of pooled tobacco in this county. We hereby respectfully request every tobacco grower to Lincoln county to investigate and consider seriously the proposition now before Lincoln county on pooling the 1910 crop.

As you probably well know we are much interested in Lincoln county and in the tobacco situation, and would like to see all the people in Lincoln county protected in the sale of this crop. No doubt some of you will be approached in the near future by the tobacco buying interests; therefore, we respectfully request you, again, to consider seriously our position. We also request you to sign the pooling pledge when presented to you by the various solicitors; also to meet with us in mass meeting in Stanford Saturday, October 15th, at 1:30 o'clock, when we can discuss the situation and hear reports from the various districts.

Speaking engagements will be held at the following places and we hereby request the people of these vicinities to attend:

Hustonville, Wednesday, Oct. 12, 1:30.
Moreland, Wednesday, Oct. 12, 7:30.
Preachersville, Thursday, Oct. 13, 7:30.

Frank Lusk and Miss Mary Lusk who spent the summer with their mother, Mrs. Alice Lusk and Mrs. Kauffman left Thursday for their home in Baltimore Md.

Mr. A. M. Frye had a fine \$200 brood mare to die this week with colic.

Stock is being subscribed along the route for the proposed electric road from Liberty to this place. The purchase of Cumberland Falls by an Eastern syndicate will enable them to furnish the electric power at a much less cost, than to build equip and maintain a plant by the Liberty company. They propose to furnish light and power at all points wanted from their main line along the Cincinnati Southern Railway. Electric roads are operated at a much less cost than by any other motive power, and gasoline motors on cars are very close competitors, and very desirable for inter-urban road service.

Lusk and McKinney our concrete experts are pushing with a commendable vim the work on their several contracts in our city. It is no "all summer job" for them to complete a large concrete building. They actually put your foundations in and walls up while you wait.

Mrs. Mary Spears beloved wife of J. J. Spears, of Moreland, died at her home after a lingering illness on Tuesday night and was buried in Hustonville cemetery Thursday in the presence of a large concourse of surrounding friends and relatives.

David C. Allen leaves in a few days for the south west in search of health. He has asthma. We hope he will soon return fully recovered.

Work is progressing nicely on the buildings of June H. Hocker, J. O. Carpenter and Dr. Childress all three of which will be of most modern architecture and such attractive designs that attract the admiration and cause favorable comment from devotees of the beautiful.

Mrs. Susan Cooper Wright passed into the great beyond which none ever return on Thursday, October 6th at the residence of John A. Blain her son-in-law. She was 57 years of age and leaves two children, Mrs. John A. Blain and Miss Anne Wright to mourn through life; the loss of a mother's love. She was a consistent member of the Hanging Fork Presbyterian church. She was buried on Saturday beside her mother on the farm where she was born and where W. G. Routh now resides. Rev. Cary R. Blain ably and most impressively conducted the sad services.

For Sale.—A splendid Blue Grass farm containing 350 acres more or less and known as the Lee farm with good dwelling and outbuildings. Land in high state of cultivation and can be bought at such less price than the same quality of land with improvements can be bought in Lincoln, Garfield or Boyle counties. Let me show you, call on or write W. R. Williams & Co., quick at Hustonville, Ky.

The ladies' auxiliary to the W. B. M. met Wednesday afternoon at the church. Mrs. Rufus Lipps was leader and had prepared a splendid program. Mrs. Lipps conducted the devotional. Miss Angie Carpenter was organist. Mrs. Hammons, Mrs. Robinson, Mrs. G. C. Riffe and Mrs. June Hocker each made splendid talks.

Mrs. Berry told about the Owensboro convention in such a way that all felt as if they had been there. Miss Sadie Baughman told a story in a very admirable manner. Mrs. Smith Powell not being able to be present, sent a splendidly written paper which was read by Miss Angie Carpenter and enjoyed by all. The climax of this splendid meeting was the captivating inaugural address of the President Mrs. Jennie Carpenter who has just been elected the eleventh time. Plans were fully discussed for C. W. B. M. day and the re-organization of the children's work to be superintended by Mrs. Robert L. Berry.

W. D. Hocker and family will leave here about first of November for Nashville, Tenn., in which place they expect to reside. It is with the most profound regret of this entire community where they were born and raised, that they move to other claims and they carry with them the best wishes for their new sunny home.

Frank Vaughan bought a car of hogs and butcher cattle Tuesday paying 8 cents for hogs and 3 and 4 for cattle.

Mrs. Gincy Walls the venerable mother of our friend Jacob Walls is becoming quite feeble. She has the constant loving care of the family day and night. She is a devout Christian and has been a member of the church for 80 years. She is now in her 93rd year.

Rev. C. H. Dickerson, of Nicholasville who has been carrying on a protracted meeting at the colored Christian church here for past ten days in the baptist 16 Sunday afternoon in the creek near the Liberty Ford. There has been 24 additions to the church among whom is Squire McKinney who among those immersed Sunday.

Squire is about 73 years of age and it is the hope of his friends and brethren that he will continue steadfast in the Master's service.

Parties in a hurry for a new home should see Lusk and McKinney who build concrete houses on any plan by pouring a la Edison.

LOT SALE PROVES QUITE SUCCESSFUL

NEW ADDITION NAMED FOR W. B. LAND WHO GOT 14 LOTS—OTHER BUYERS

The sale of the lots on the Embury property last Saturday by the Young Development Company, of Glasgow, proved very successful in every particular. A big crowd was present and bought liberally. W. B. Land, the well known Main street merchant, bought a total of 14 lots and being the largest individual buyer, the new addition to the city will be named Land Addition. A total of 42 lots were sold the prices ranging from \$36 for the back lots to \$225 for those facing on Lancaster avenue.

The buyers were W. B. Land 14 lots, G. D. and J. D. Wearson 5 lots, M. M. Sweeney 3 lots, Mrs. Patsy Brown 2 lots, J. M. Phillips 2 lots, L. E. Herndon 4 lots, J. B. Sartain 2 lots, P. W. Whipp 2 lots and the following one each: W. A. Carson, M. A. Johnson, S. J. Embury, Jr., R. M. Newland, Mrs. S. B. Hiett, Dink Farmer, Mrs. Annie Woods Embury and Mrs. Lou Dunn Embury.

Sam T. Young and the Messrs. Walton, who conducted the sale pleased everyone by their business-like and gentlemanly treatment. There was no by-bidding and everyone was given an equal chance. The promoters are real estate men of wide experience and made many friends while here, who will be glad to know that they made a fair profit on the sales. They will probably go from here to Brodhead to put on a similar sale.

DOES THIS SOLVE PERPETUAL MOTION?

H. J. McROBERTS HAS CLOCK THAT HA RUN SIX WEEKS WITHOUT WINDING.

Has the secret of perpetual motion been unexpectedly solved? is the question which everyone is asking who has seen the wonderful clock prominent clothing merchant of this city. This clock an ordinary eight-day timepiece, used in the living room at the home of H. J. McRoberts, a Logan avenue, has now been running for six weeks without winding and to all appearances seems inclined to run on indefinitely. And the wonderful thing about it is that its main spring, which is plainly visible from the side, remains as tightly coiled as when re-wound for the last time over a month ago. The clock keeps excellent time and apparently will run on forever unless stopped.

Just six weeks ago, while Mrs. McRoberts was engaged about some housework the clock, which had just been wound, suddenly began to strike. It was about ten o'clock in the morning. Not content with striking ten, however the timepiece kept on striking, and Mrs. McRoberts, mystified, counted the strokes. When the number got to 120, she became tired of the noise and jammed a pencil into the wheels of the clock, stopping the striking and the movements as well. Shortly afterward, she removed the pencil to see if it would strike again, but no sound came forth and the clock began to run again as usual.

Since that time the clock has run continuously without winding, but it has ceased to sound the passing of the hours by striking. What Mr. McRoberts regards as the strangest feature of the whole thing, however is the fact that the main spring remains tightly wound up while the hands run on and record almost perfect time.

One hop joint has closed its doors and it is hoped the other will soon follow suit.

The following Lancastrians were in attendance at the State Sunday School convention which met in Winchester last week: Mesdames Mattie Duncan and E. C. Gaines, of the Presbyterian church and Mrs. Thomas Hendren and Miss Knapp West of the Baptist congregation.

NEW BANK HAS HAPPY OPENING

STATE BANK & TRUST COMPANY DOES BIG BUSINESS FIRST DAY

Stanford's third bank and the ninth for Lincoln county—the State Bank & Trust Company—formally opened its doors to the public on Saturday. The opening of this new financial institution was attended with many happy auguries for its success. Depositors flocked in with money and many visitors called to congratulate the officers directors and stockholders and to wish them much success. A total of almost \$25,000 was deposited as the first day's business, which was considered a remarkably good showing.

The banking room in the Odd Fellows building was handsomely decorated with flowers and potted plants in honor of the occasion. President W. L. McCarty, Vice Presidents G. L. Penny, J. D. Eads and J. S. Rice, and Cashier J. W. Hutcheson and Assistant Cashier C. Hays Foster were on hand during the day to do the honors of the occasion and were assisted by many of the directors and stockholders and three charming young ladies, Misses Kate Eads, Jennie Pepples and Hazel Stone, who handed pretty bouquets to the visitors.

James F. Ramey, bank clerk of the departments of the Secretary of State at Frankfort, was present and handed the charter to the new institution, after making a careful examination of the books, accounts, etc. Mr. Ramey highly complimented the officers and directors upon the showing made. He said that he had rarely ever seen a new bank start under more favorable auspices or with better prospects. He was surprised at the volume of business shown on the opening day and was unstinted in his congratulations to the officers of the new institution.

Leg Broken

YOUNG FARMER THROWN OUT OF BUGGY AND HURT

Will Green, of Mitchellburg, Boyle county, was thrown out of a buggy and had his left leg broken above the knee, when a horse he and two other men were driving, frightened at a flock of turkeys which flew across the pike early Monday morning. The men, another of whom was named Forsythe were coming to work on the farm of J. B. Jones in this county. They were driving a very tame animal and he bolted at the sight of the turkeys, turning the rig over after a short run and throwing the men headlong out. All were severely shaken up in addition to the serious injury to Mr. Green. He was taken a a house near the scene of the accident and his leg set by Dr. Caldwell.

S. D. BARTLEY'S EXCITING EXPERIENCE IN CASEY.

S. D. Bartley the well-known drummer, who travels out of here, had a rather exciting experience with a rattlesnake over in Casey county last week, while driving to Yosemite with Mrs. Bartley. Their horse suddenly shyed and they found a large rattler coiled in the road in front of them. Mr. Bartley jumped out of the vehicle and attacked the serpent with his buggy whip, and said he never saw anything as mad as that rattler seemed to be, for he shook his buttons until they sounded almost like a "bones" artist in a negro minstrel. Mr. Bartley finally laid his snakeship out however, and he measured 30 inches in length and was very large in girth. This is the first rattlesnake heard of in this section for a long time.

FOOT BALL TEAM SCORES BIG VICTORY

STANFORD BOYS DEFEAT SOMERSET SET THERE SATURDAY BY 33 TO 0

The Stanford High School foot ball team started off the season in fine shape at Somerset Saturday when it defeated the strong team from the school there by 33 to 0. It was a glorious victory in a contest which was more grilling than the score indicates. A more manly set of boys than the fellows who represent Stanford High School cannot be found.

After a few moments of play Wallace Singleton made a touch down on a fake forward pass. The Somerset referee would not allow it and same squabbling ensued and was stopped by Stanford yielding the point, tho' according to rules no reason could be found for Somerset's claim. After 8 minutes of hard playing, in which time the ball changed sides two or three times, Harris Coleman made a touch down by a series of straight bucks through the strong line of Somerset's heavy men. The ball was again placed in play and after two or three minutes Wesley Embury made a second touch down by a cross buck, two more minutes of hard playing without scoring ended the first quarter of 15 minutes. Score 12 to 0.

In the second quarter after a series of fierce line bucking by James Coleman Tuttle, and Hubble, Somerset's strong backs, they were able to get the pigskin within three yards of Stanford's goal, where the boys held them for downs by same of the most remarkable playing of the game.

Somerset having lost the ball on downs, was put on the defensive. In the first play Singleton by a splendid punt sent the ball to the middle of the field where it was muffed by Crawford the Somerset quarter back. Immediately following the muff quarter back Waters seized the spheroid and spirited away to the goal after running about 100 yards and made the third touch down, after which Singleton kicked another goal. The play was again started from the middle of the field and other much surging to and fro, Harris Coleman bucked Pulaski's strong line for the fourth touch down and after an effort and failed to kick the fourth goal the second quarter ended with score 23 to 0.

After an intermission of 15 minutes play was again resumed with Somerset defending the north goal. Stanford kicked off to them and after about six minutes by means of a fake play which worked like a charm, Harris Coleman scored the fifth touch most graceful manner and after a few minutes of playing without results the third quarter ended with the score 28 to 0 in favor of Stanford.

After intermission of three minutes play was again resumed with our men defending the north goal. After several minutes of playing Mike Penny, Stanford's swift left half, made a 45 yard run around the right end and made the sixth touch down. Singleton failed to kick the goal and after quite a number of lively scrimmages without results and the game ended with a total score of 33 to 0.

Singleton kicked three, out of five goals. All the boys did fine work and showed that they had been well trained by Prof. Wiggington. The following is the line-up.

Attractive Rate

ROUND TRIP FROM MORELAND TO LEXINGTON FOR \$1.60

Following its custom the Queen & Crescent Railway has inaugurated a very attractive round trip rate between numerous points and Lexington good now and every day up to and including Saturday October 15. The round-trip rate from Moreland to Lexington and return is \$1.60 and the round trip rate from McKinney is \$1.75. These rates are only 25 cents more than the usual fare one way and were especially made to accommodate those desiring to take in the trots. Much interest is now centered in the new High Bridge being erected by this superb system. The massive steel sections at certain points have reached a height over the old bridge and are easily seen by passengers crossing on the trains. The new bridge, size and length taken into consideration, will be the most massive structure of its kind in North America, and in possibly the entire civilized world. Hundreds of car-loads of massive steel sections are being used in the giant structure.

Announcement is made that the Somerset Republican, which for some reason ceased publication soon after the Powers primary, is to be revived and placed on strong footing. The Republican has been chiefly a political not been a financial success. No newspaper cast long such lines can be. The time has come when political or organ and as it usually the case has personal "organs" are almost discredited among the newspaper reading public. A newspaper must stand for something higher than that its opinions can be moulded according to the whim of some professional politician or its news colored to follow the fortunes of a partisan policy.

the prices obtained were considered
